Events:2009 Expat Show

During Sep.18th to 20th,2009, Expat Show was successfully held in Shanghai Exhibition Center. About 200 exhibitors attended ,and DDS Dental Care was one of the outstanding health care providers.

Most of the participants showed intensive interests in our dental clinics. Many participants came to our exhibit stand to request for consultation on their oral health and related details, such as doctors, specialists, and pricing.

In the show, our dentistry also gave participants small gifts, brochures of our clinics and general hygiene advices. Our specialists were able to educate the kids on how to keep their teeth healthy and give suggestions to the parents on how they can help to keep their kids' teeth healthy.

We took this opportunity to introduce to Expat families that DDS would be their top choice to maintain great oral health. It was a wonderful turn out in the Expat Show.
